# Welcome to a New Era: The LPC-825 Redefines Compact Computing

Exciting news from Stealth - we're proud to introduce the **The LPC-825**, our latest addition to the ultra-small form factor PC lineup. This new model, part of the LPC 800 series, sets a new benchmark in rugged and high-performance computing.

**Key Features of the LPC-825**:

• **Enhanced Performance**: Enjoy up to 2.3X better CPU and 5X improved Intel UHD Graphics performance over previous models.

• **Versatile Connectivity**: Comes IoT-ready with features like power ignition, CANBUS, remote On/Off, Wi-Fi, Bluetooth, and 5G compatibility.

• **Wide Temperature Range**: Built to operate between -40 to 70 degrees Celsius, ensuring reliability in extreme conditions.

• **Future-ready**: Post-launch, we'll add more features like a TPU for AI workloads, NVME Kit, and 5G Kit.

**MOBILE IoT & EDGE AI Deployment Ready**

5G, 4G/LTE

Wi-Fi 6.0

BLUETOOTH 5.0

On Board CAN Bus

Power Ignition Management

**Flexible Mounting Options**

Wall Mount

Side Mount

DIN Mount

Vesa Mount

Together, we continue to push the boundaries of industrial computing.

**Thank you for your ongoing trust in Stealth.**
