

DRIVING THE FUTURE FORWARD WITH RUGGED SOLUTIONS

Discover the features and benefits of Stealth's Transportation and Marine industry focused products.

Transportation / Marine

Empowering Transportation with Durable Innovations

In the fast-paced world of transportation, reliability isn't optional—it's essential. At Stealth, we're proud to offer transportation-focused products that deliver unmatched durability and performance, tailored to meet industry demands in fleet management, navigation, communication, and more. Whether on the road, at sea, or in the air, our rugged solutions keep operations running smoothly.

Built Rugged for Harsh Environments and Mobile Applications

Our products are engineered to endure the toughest conditions in all mobility applications, ensuring reliable performance even in extreme environments.

- MIL-STD-810 Shock & Vibration compliant
- Wide Temperature Tolerance
- Compact Design

Designed for Challenging and Space-Constrained Installations

When space is limited, and the environment is demanding, Stealth provides adaptable solutions to meet unique installation needs.

- Flexible mounting options available:
 - Rack mounting
 - Wall mounting
 - VESA
 - DIN Rail
- Small form factors for compact spaces
- Easy installation for seamless integration

CAN Bus Ready with Power Ignition Control

Our intelligent power management solutions and CAN Bus protocols ensure seamless communication between devices, delivering reliable, priority-driven performance.

- Power Ignition Management
- Wide-Range DC Voltage Inputs
- CAN Bus Certified
- Intelligent ignition control prevents data loss and ensures stable operation during ignition cycles.

Why choose Stealth?

Stealth's transportation-certified small form factor (SFF) computers feature wide-ranging DC power inputs (9-48V), ensuring protection against voltage fluctuations. Equipped with Controller Area Network (CAN) bus technology, our systems excel in applications like:

- Police, Fire, and Emergency Services
- Marine Navigation
- Fleet Telematics and Entertainment Systems

For vessels and trailers, explore our short-depth Rack Mount PCs available in customizable 1U and 2U sizes. Pair these with our rugged keyboards, designed with mounting studs for secure installations in demanding environments.

Our transportation solutions are built to thrive in the most dynamic challenges—from fluctuating temperatures to constant vibrations. Whether you're modernizing a fleet or enhancing vehicle performance, Stealth delivers the tools to keep your operations moving forward.
